This matter comes before the Public Service Commission of South Carolina (“Commission”) on the request of E2 Communications, Inc. (“E2” or the “Company”) to cancel its Certificate of Public Convenience and Necessity (“Certificate”) to provide resold local exchange and intrastate interexchange telecommunications services in the State of South Carolina. A review of the docket file reveals that E2’s authority to provide telecommunications services in South Carolina was granted by Order No. 2004-57, dated February 10, 2004.

By letter dated March 31, 2005, E2, through the Company’s President, requests that the Commission approve the rescission of the Company’s Certificate of Public Convenience and Necessity. E2 asserts that the Company has not engaged in any telecommunications business activities in South Carolina since the Company’s certification in 2004 and that based upon market conditions, the Company does not have any future plans to engage in any telecommunications business activities.

As E2 is no longer providing the services for which the Company's Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that E2's Certificate of Public Convenience and Necessity to provide telecommunications services within the State of South Carolina should be cancelled.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide resold local exchange and intrastate interexchange telecommunications services within the State of South Carolina authorized by Order No. 2004-57, dated February 10, 2004, issued in the instant docket to E2 Communications, Inc. is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
